SUDHANSHU SINGH Global Product Manager, Caterpillar Inc.

CLAIRE KINCAID Mechanical Engineering Student, Olin College of Engineering

PANEL DISCUSSION
Short presentations from 3 panelists on these topics followed by participant discussion for each topic.

How do I begin to create diversity and inclusion programs in my organization?
- What are the “must do” items
- What is one thing that is working in your organization
- What to avoid

How do I evaluate and improve these programs?
- What is our current state
- Our goals
- How do we evaluate and improve

What does success look like? Sharing practices.
- Specific program descriptions and practices

Building an action plan:
- How do we keep the conversation going and continue to share?
- What is your key take away from this workshop
- What is one thing you will do differently
- What is your personal commitment
- How do we help each other improve

BONUS SESSION
Participants will also take part in useful exercises such as unconscious bias awareness, conducted by The University of Arizona’s Joe Carella, Assistant Dean, Eller Executive Education
